

# Invitation to seminar

## Catalytic mechanism of glycosyltransferase and design of transition state inhibitor

by

Dr. Igor Tvaroska,  
Director, Institute of Chemistry,  
Slovak Academy of Sciences

Monday, November 23, 2009 at 11:15 am  
in meeting room R437 (4<sup>th</sup> floor), Thorvaldsensvej 40,  
Frederiksberg C

Igor Tvaroska is expert in molecular modeling and  
ab initio calculations of carbohydrates

**Everybody is welcome!**

Professor Søren Balling Engelsen

Quality & Technology  
Department of Food Science  
Faculty of Life Sciences
