

Dear [ISPE](#) Nordic PAT COP Member

The next meeting will be held on the:

10th of April 10:00-16:00

At:

**Umetrics
Stortorget 21
Malmoe
Sweden**

The overall topic of the day is:

“Spectral imaging: Theory and examples of pharmaceutical/food applications”

Agenda:

10:00-10:10

Welcome.
Morten Allesø; H. Lundbeck A/S

Technical presentations:

10:10 - 10:55

UV, Vis, NIR: High definition spectral imaging in the silicon range
Jens Michael Carstensen, Videometer A/S

10:55 – 11:10

Break

11:10 - 11:55

Spectral imaging and statistical inference of food quality parameters
Line Katrine Harder Clemmensen, DTU Compute

12:00 - 13:00

Lunch

13:00 - 14:00

Chemical mapping and multivariate image analysis of tablet surface: A comparative study of multispectral UV and hyperspectral NIR imaging
Jian-Xiong Wu, Pharmaceutical Technology and Engineering, Uni. of Copenhagen

14:00 – 14:15

Break

14:15 - 15:00

Terahertz Imaging of Coated Solid Dosage Forms
Thomas Rades, Pharmaceutical Technology and Engineering, Uni. of Copenhagen

15:00 - 15:30

Discussion and subjects for Next Meeting.

17:00 -

Network dinner at Epicuré Bread and Wine, Italian restaurant. Generalsgatan 4, Malmö website: <http://www.epicure.nu/> (optional and at own expense)

Do not miss this unique opportunity to participate in this Nordic PAT network.

Please inform on your participation by e-mailing to Christian Lyndgaard (chha@life.ku.dk) no later than April 3rd.

This time we have included an optional network dinner which you can participate in at your own expense. Please write to Christian if you wish to participate so we can reserve tables. Before the dinner you have some time to take a joyful walk in the nice center of Malmoe.

On behalf of the PAT COP steering committee,

Christian Lyndgaard
University of Copenhagen
