

Søren Balling Engelsen to take part in two out of two KVL projects financed by the HighTechnology Fund: "NitFOM: 3D-NIR/NIT on-line analysis methods" and "Valorization of potato byproducts: New food ingredients by an enzyme-mediated extraction process"

New publications:

- C. Møller Andersen, J.P. Wold and G. Mortensen. Light-induced changes in semi-hard cheese determined by fluorescence spectroscopy and chemometrics. *International Dairy Journal* 16: 1483-1489, 2006.
- H. T. Pedersen, M. Dyrby, S. B. Engelsen, and R. Bro. Application of Multi-Way Analysis to 2D NMR Data. *Annual Reports on NMR Spectroscopy* 59:207-233, 2006.

Staff:

- Anders Juul Lawaetz – August 2006-July 2007
Jeorgos Trihaas - September 2006-March 2007

Courses:

- Food Culture - Øresund Summer University (31/7-18/8): 16 participants. Åse Hansen & Grith Lerche
- Fødevaregrundkursus (Block 1 & 2): 72 participants. Søren Balling Engelsen & Mikael Agerlin Petersen
- Exploratory Data Analysis/Chemometrics (Block 1): 51 participants. Lars Nørgaard
- Mad & Samfund (Block 1 & 2): 54 participants. Åse Hansen
- ODIN Course: NIR Spectroscopy (15-17/8): 22 participants
- ODIN Symposium: Image analysis (6/9/06): approx. 20 participants
- ODIN Symposium: Industrial process improvement using process chemometrics (20/9/06): approx. 10 participants

Guest Researchers:

- Davide Ballabio from Università degli Studi di Milano – Bicocca and Università Statale di Milano, Italy (July-September) Working on application of variable selection on wine GC-MS data with Rasmus Bro
- Miriam Liskova – from Slovakia (September-December) Working on dormancy in barley with Birthe Møller Jespersen and Lars Munck

Visiting Students:

- Lucia Taboada Keller – Erasmus student from Polytechnic University of Madrid (September 2006-July 2007) studying staling of bread. Supervisor: Åse Hansen
- Maria Segovia Casoni – Erasmus student from Polytechnic University of Madrid (September 2006-July 2007) studying malting and brewing. Supervisor: Åse Hansen
- Lina Nuobariene – from Lithuania (September 2006-March 2007) studying phytase in yeast. Supervisor: Åse Hansen
- Rebecca Ayawo Nusenu – from Ghana (September 2006-June 2007) Supervisor: Åse Hansen
- Kwabena Titi Ofei – from Ghana (September 2006-June 2007) Supervisor: Åse Hansen
